Help Save Maryland is a multi-ethnic, grass roots, citizens' organization with members state-wide. We are opposed to the use of tax dollars on programs and services to attract and sustain illegal aliens. Let's work together to educate fellow Marylanders regarding the financial, social and educational costs of illegal immigration at the state and local level. Help us achieve the following goals:

- No drivers' licenses, in-state tuition, voting privileges or access to state and local government services. Require "legal presence" in Maryland.
- Shut down all taxpayer funded Day Laborer Job and Training Centers. Employment assistance programs for citizens only.
- Authorize federal Immigration and Customs Enforcement (ICE) 287(g) and Secure Communities training for all Maryland law enforcement authorities to expedite removal of illegal alien gang members, day laborers and criminals.
- Enhance and enforce housing, parking and loitering code violations.
- Eliminate non-emergency health care programs for illegal aliens.
- Terminate all state and local funding for illegal alien support groups including CASA of Maryland, Latino Economic Development Corp and Catholic Charities.
- Require state contractors to use the federal E-Verify Program to confirm the legal presence of current and prospective employees.
- Identify and boycott businesses that hire illegal aliens. Demand use of E-Verify.
- Make English the official language of Maryland.
